

# Whodunnit? The Mystery of the Missing Medals

## Deductions

It's time to step into Detective Dunit's shoes and become a real detective. Will you be able to solve the mystery of the missing medals?

Start by thinking about the evidence. We know that the Sports Day medals were taken between 12:00 p.m. and 12:30 p.m. so fill in the table below to show where everyone says that they were at the time.

Suspect's Name	What did they say that they were doing at the time?	How likely do you think it is that they took the medals?
Mr Khan		<input type="radio"/> very likely <input type="radio"/> somewhat likely <input type="radio"/> not likely at all
Mrs Marsh		<input type="radio"/> very likely <input type="radio"/> somewhat likely <input type="radio"/> not likely at all
Mr Begum		<input type="radio"/> very likely <input type="radio"/> somewhat likely <input type="radio"/> not likely at all
Miss Goodwin		<input type="radio"/> very likely <input type="radio"/> somewhat likely <input type="radio"/> not likely at all

Finally, it's time to make a deduction. Who do you think took the Sports Day medals? Tick one.

- Mr Khan       Mrs Marsh       Mr Begum       Miss Goodwin

Explain your choice.
